## Thane school sets a NEW BENCHMARK

With its unique infrastructure and academic excellence, New Horizon Scholars School, Thane has made a measurable impact in the past four years. According to the management, all their achievements begin with an idea. The vision and insight of the Founder-President Dr. Rishi Kumar have put these ideas in front, which led the

institution to be declared as the Top Emerging School in Thane in 2015 and 2016. This institution further employed the motto of 'Mission to Excel' when on February 4, 2017, an online educational magazine, in its annual conference on School Education, declared New Horizon Scholars School, Thane as the Top Emerging School in Maharashtra and ranked in top 500 schools in India.

The school's President, Mr. Saurabh Dhanraj and the Regional Director Dr. Jyoti Nair were awarded the School Excellence Award 2017, marking their personal commitment to educational excellence.

Dear Parents,

One of the most challenging as well as interesting tasks in the present times is shaping young minds. We constantly seek newer ways to ensure that these young flowers bloom in this world, without even robbing them of their smiles.

Knowledge being the most democratic source of power, we impart quality education to our young scholars so as to prepare skilled, knowledgeable, holistically developed personalities who make us proud by their commendable contribution to society.

In order to make them value based world citizens we provide ethical direction and stimulus to the vast reservoir of energy within the portals of this institution thereby enabling to carve out creative individuals who would possess along with academic excellence the inner illumination required to dispel the darkness in the world.

We aspire to build future leaders with global vision ready to address core issues with empathy, honesty and sincerity. This second edition of glimpses makes an attempt to unfold each bud, unleash their creative talent, own their potentials, chisel their skills only to groom them to an individual par excellence.

Wishing you the best for the new academic year 2016-17

Regards  
Dr. Jyoti Nair  
Regional Director and Principal

## Poems

### MR. WHATEVER'S FEVER

Hello Mr. Whatever  
Are you out of fever?  
Shivering and sneezing  
Outside the house  
The air is breezing

Mr. Whatever is on bed  
His cheeks and nose are red  
Morning and evening  
He keeps on sneezing

The arrival of next day  
Means Sunday,  
Mr. Whatever says  
"Hey you fever dare you  
Show me your face anyway!!!"

Reet Jaiswal - VII E

### IMAGINE!!!

Imagine a pig  
In a big purple wig!  
Imagine a car  
In the shape of star!  
Imagine a cat  
Wearing a colourful hat!  
Imagine a dog  
Who began to jog!  
Imagine a shark  
Who likes to bark!  
Imagine a fox  
Wearing a red, fluffy socks!  
Imagine a bear  
Wearing pink underwear!  
Imagine a shoe  
That always remained new!

Reet Jaiswal - VII E

### HAPPINESS...

Why do they say,  
"All you can buy but not happiness"  
Cause, it will take you out of this mess.  
That's the truth, I believe.

Doing what you can  
Following your dreams  
Accepting new challenges  
And working on your dreams.

What you do,  
Comes back to you.  
So, doing good things  
Will bring sheer happiness.

Why do you need to live?  
You may ask yourself  
Because happiness is the main element of life.  
And that's why anything on this planet lives.

Mst. Arnab Oberoi - VI C

### BOREDOM STRIKES BACK

When we were in school,  
We wished we had holidays.  
When we have holidays,  
We wished we were in school.

This is when boredom strikes back  
And keeps us all the day at home  
And all we want to have  
Is something called fun

We can't do anything,  
Or get something done.  
It's so hot everywhere,  
Which makes me get irritated.

Alas! It's the evening,  
When we go down  
And find there's no one  
To play with around.

Mst. Arnab Oberoi - VI C

### LITTLE THINGS!

Little words of kindness  
How they cheer the heart!  
What a word of gladness  
Will a smile impart!

Little acts of kindness  
Nothing do they cost,  
Yet when they are wanting,  
Life's best charm is lost.

Little acts of kindness  
Richest gems on earth,  
Though they seem but trifles,  
Priceless is their worth!

Ms. Aarya Chaudhari - VII A

### LOVING DAD

Walk a little slower Daddy  
Said a child so small  
I'm following you  
And I don't want to fall

So walk a little slower Daddy  
For you are leading me  
Someday when I am all grown up  
Then I will have a little child  
Who'll want to follow me.

So walk a little slower daddy  
For I must follow you.

Thushava Menon - III F

Let's make life a better one  
Where no caste lives  
Except humanity

Where lot of mercy is recognized  
Where no life is confined  
Let's make life a better one

Where no crisis leads to death  
Where needies are helped  
Let's make life a better one.

Mst. Pranav Nargale - IX C

### EAST OR WEST TEACHERS ARE THE BEST

Teachers create learning interest  
And we become best

I am proud of my teacher  
And she showed me my bright  
Future, So I think

T - Talented  
E - Excellent  
A - Active  
C - Courageous  
H - Honest  
E - Enthusiastic  
R - Remarkable  
S - Smart

Ms. Saanvi Pawar - III G

## Stories

### THE STORY OF SUN & WATER

A long time ago, Sun and water were best friends and lived together on the Earth. Sun often visited water's house but water never visited sun's house.

One day, Sun invited water to his home. He said, "Dear friend, we always meet at your place. I come to visit you. But you are never seen at my house. Don't you feel like visiting me ever?"

To this water replied, "Oh, please do not feel bad friend sun! I will come to your house. But you will need to build a larger house for me to come."

Sun and his wife, Moon, together built a very large house. They then invited water for lunch. Water accepted the invitation and started flowing into sun's new house. Many fish and other water animals also flowed in along with water. Sun and moon happily welcomed everyone.

As water kept flowing in, there was no place for Sun and moon to sit. So they went and sat on the roof. Soon, water started flowing over the roof too! Now Sun and Moon had to jump to the sky!

Ever since, water lives on Earth while his friends, Sun and Moon live in the sky!

Ms. Manya Singh – III F

### TWO SMART BROTHERS

Once upon a time, there lived two brothers in a village. They were poor and one of them was blind and other was handicapped with legs. Many months passed by. Then one day, one rich person had a feast in village for poor men and women. One after the other every poor was knowing about that. The two brothers also knew about the feast. They also wanted to join with others to have a delicious food. But the two were worried that how they will reach the rich man's house.

The younger one was handicapped with legs, so he sat on elder brother's shoulders. And then younger one guided elder one about the address of the rich man's house. In this way they reached the rich man's house and had a delicious feast. They enjoyed the day a lot!

Moral : If we have faith and determination we can succeed.

Ms. Aaradhya Keche, III G

### THE INTERNATIONAL WIN: DUBAI

"Nothing is achieved without effort". I believe in this saying. Today, I would not have achieved so much if I was not determined. For me, being determined towards my goal and working hard to achieve it, is the most important thing. I am playing KARATE since the last 3 years. In these three years I have played for various State, District, National, International and Asian Competitions.

Going to Dubai was my first ever International level tournament. I was really happy that I was selected to represent my country for the Budokan Cup 2016-17. It was a thrilling experience. I felt proud to play among the people whom I admire. Before my match, I was really nervous but I was determined to win and make my parents, coach and my country proud, and that's what happened. I won the match. The feeling was inexpressible. All this could have not been possible without the constant support of my parents, friends and my school.

I am really glad that I have such talented coaches who have helped me and have always motivated me to do better. Also I thank my school for the confidence they have in me.

Ms. Priyamvada Maurya – X A

### SAVE FUEL FOR BETTER ENVIRONMENT AND HEALTH

As said by Mahatma Gandhi, "Earth provides enough to satisfy every man's need, but not every man's greed." Today we all are in a race to waste our natural resource such as fuel because of our negligence and ignorance. Fuels are used to run automobiles, heavy machinery. Nowadays, to sustain fuels, compressed Hydrogen gas is used as an alternative which is being researched by many automobile companies in Japan, having 0% carbon emission. Fuel is used for heating, cooking etc. Burning of fuel releases many harmful gases in the air and pollutes it. They irritate the eyes and skin, causes respiratory diseases and skin allergies too.

It also adds to the global warming. The traditional fossil fuels like coal, petroleum are non-renewable and their reserves are depleting.

We need to save fuels by reducing their use. Travelling by public transport, car-pooling, walking and cycling short distances can help to save fuel. Saving fuel will help clean up environment and reduce health risks. While driving your vehicle, stick to the speed limit, as it reduces the fuel economy. In 2013, about 87% of the energy that the world consumed came from fossil fuels. Biodiesel is a renewable fuel that can reduce carbon emissions, save money and have a positive health effect on communities across the world. Burning of fossil fuels causes extreme air pollution especially in urban areas.

A drop of oil burned is a bucket of glacier melted. Use it with caution.

Ms. Anuja Arunkumar – X B

## हो कर गरमी से बेहाल !

हो कर गरमी से बेहाल,  
भालू पहुँचा नैनीताल,  
कुत्ता तोड़ भागा जजौर,  
झट - पट जा पहुँचा कश्मीर ।  
वन से पर्वत की दूरी,  
गीदड़ पहुँच गया मनसोरी,  
हाथी सोच रहा मन - मार,  
भारी - भरकम मैं हूँ यार,  
अगर यहाँ कूलर लग जाएँ,  
जगल खुद शिमला बन जाएँ ।

लेखिका  
अनुष्का शंकर श्रीवास्तव

## भारत हमारा प्रिय देश

यह हमारा, यह हमारा, यह हमारा प्रिय देश ।  
भारत हमारा, भारत हमारा, भारत हमारा प्रिय देश ।  
उनतीस राज्य से बना देश हमारा ।  
हिन्दू, मुस्लिम, सिख, ईसाई, से बना देश हमारा ।  
गंगा, यमुना, और सरस्वती से बना देश हमारा ।  
गांधी, नेहरु, पटेल की मेहनत से बना देश हमारा ।  
दिवाली, ईद, होली, लोड़ी, क्रिसमस से बना देश हमारा ।  
पावभाजी, इडली, डोसा, समोसे, कचोरी से बना देश हमारा ।  
हिन्दी, मराठी, तमिल, तेलगू से बना देश हमारा ।  
यह हमारा, यह हमारा, यह हमारा प्रिय देश ।  
भारत हमारा, भारत हमारा, भारत हमारा प्रिय देश ।

## संगीत

मुझे संगीत है बहुत पसंद  
क्योंकि वह है मेरे दिल का वसंत,  
संगीत से याद आते हैं सत,  
और उनकी याद में,  
हम गाते हैं अभंग ॥१॥  
संगीत है हमारी आन,  
संगीत है हमारी शान,  
संगीत से होती है  
हमारी कला की पहचान ॥२॥  
संगीत में है सूर,  
वह पहुँचती है बहुत दूर,  
और संगीत से ही होती है,  
बुराई चकना चूर ॥३॥

लेखिका  
कनक गोविन्दन  
कक्षा- आठवी/क

## मेरी माँ

मेरी माँ है सबसे प्यारी,  
सबसे सुंदर, सबसे न्यारी ।  
ईश्वर का रूप है ये नारी,  
मेरी माँ है सबसे प्यारी ।  
जन्म दिया है उस औरतने,  
राह में चलना सिखाया है  
अपनी जान की परवाह किए बिना,  
मुझे हमेशा बचाया है ।  
माँ के हाथों का खाना जैसे  
अमृतसे भी स्वादिष्ट है ।  
उसकी लोरी सुने बिना  
रात को निंद ना मुझे आती है ।  
जिस अच्छी चीज पर मेरी नजर गई,  
वह हमेशा दिलाती है ।  
कभी डाँटती है तो कभी रुलाती है,  
लेकिन गले से वही लगाती है ।  
जिन्दगी की कठिनाइयों से,  
कभी न वो हारी है,  
बड़ी महान वो नारी है ।

लेखिका  
प्राची शर्मा  
कक्षा- आठवी/क

## मेरी माँ

सबसे प्यारी सबसे न्यारी  
एकही, दुलारी  
वही है मेरी माँ  
जो है प्यारी प्यारी  
चोट मुझे लगी  
लेकिन आवाज तुम्हारी  
प्यार करती इतना की  
दुनिया देखती रहे सारी  
हर एक को भगवान नहीं आ सकते बचाने  
इसलिए भेजा तुम्हें माँ  
मेरे लिए तो एकही स्थान पर है  
तुम और भगवान  
सबका खयाल रखती  
खुदकी न परवाह करती  
शबको ठिक करती  
भगवान का रूप लेती  
वही है रूप मेरी माँ  
मेरी प्यारी प्यारी माँ

लेखिका  
साक्षी कुटा  
कक्षा- आठवी/क

## GENERAL KNOWLEDGE

### WORD PUZZLE

- Change one letter in each word and find the name of the country.  
a. Iron b. Cube c. Chili d. Angora
- Find the hidden words in these countries using the clues given in the brackets.  
a. China \_\_\_\_\_ (a part of our face)  
b. Pakistan \_\_\_\_\_ (an Italian dish)  
c. Japan \_\_\_\_\_ (pancakes)  
d. Bangladesh \_\_\_\_\_ (no hair)
- I have two arms Yet I cannot hold. Who am I \_\_\_\_\_  
I have four legs but I cannot move \_\_\_\_\_

Onkar Kulkarni  
VI C

### FUNNY QUESTIONS

- What are the 4 days of the week which start with the letter 't'?
- What starts with 't' is filled with 't' and end with letter 't'?
- What has hands but cannot clap?
- How many months have 28 days?
- What dries and gets wet again?

## From The Topper's Pen

I am one among the outgoing batch of the year 2015-16, and I would like to share my first step towards success in academics. My preparation started right from the beginning of the academic year with reading of text book chapters/exercises followed by continuous revision at regular intervals and repeated practice of numerous solved/unsolved papers from previous years' board examinations, specifically more so for numericals in Mathematics and Science subjects with the support and encouragement from the efficient teachers and over all positive learning environment. I would like to take this opportunity to express my gratitude to one and all who supported me in this academic journey.

Once again, thank you very much, and I wish the current batch and the school all the success.

Ms. Deepshika Kale - School Topper  
Grade X - Batch 2015 - 16

### Kalakruti Exhibition - A Tribute to Kalam

In order to pay Dr.APJ Abdul Kalam a tribute on his birthday and also celebrate the World Student's Day, New Horizon Scholars School and NEO Kids, Thane organized Kalakruti Exhibition, in which students displayed various handmade artifacts. The Inauguration of the exhibition was done in the presence of the Managing Director Sreejit Bhattacharya.

Students were eager to showcase their skills. Various groups were managing stalls of the artifacts, which included handmade envelopes, painted terracotta vases, keychains and beautifully painted diyas. In the foodzone some groups attracted crowds by serving them tasty snacks. The parents also encouraged the little vendors. The profits were donated to NGO's such as 'Divyaprabha', the orphanage for girls and a washing machine was donated to 'Smit', the oldage home.

"The aim of the art exhibition was to promote creativity and encourage students to donate for the betterment of the underprivileged sections of the society," informed the Vice Principal. 'Prithvidhanam' and 'Sci-Scape', were the other exhibitions organized.

## Cultural Bonanza

### Harshotsava 2016-17

The Scholar's Pageant of New Horizon School and NEO Kids, Thane impressed one and all. The event was held at the school ground where hundred's of parents were present to cheer their kids. The programme was graced by the President Mrs. Suvra Banejee and other dignitaries of the institution.

The theme was 'Harshotsava', the celebration of happiness. The songs and skits highlighted that one must be prepared to face every situation in life with the positive approach. The students entertained the audience with dynamic dances, songs and skits.

Thereafter the Annual Report was revealed highlighting the various achievements of the school. All the achievers were felicitated by the dignitaries. All in all, Scholars Pageant proved to be a delightful event.

### Shashvatam.....A Journey

'Shashvatam' is a forum for the students of Higher Secondary i.e grade XI to showcase their thoughts, skills and creativity. To start with a 'Talent Show' was organized to demonstrate their creativity through music, dance and painting competitions. We were honored to have PTA members amongst us to judge the competitions.

To sensitize students towards the problem of Elderly persons, a visit to an old age home was organized, wherein grade XI through their interaction and some entertainment were able to bring smile on the faces of the inmates.

In a recently held 'Debate Competition' the students expressed their views with strong agreements and convictions. A 'Mimicry' competition was held to open up our minds with a pinch of humor. Students also exhibited their word power in a game called 'Taboo'.

As the journey of 'Shashvatam' will move on we are looking forward to another eventful year ahead.
